

I CAN Prevent Diabetes Community Program

I CAN Prevent Diabetes!

Individuals and Communities
Acting Now to Prevent Diabetes ©

You can prevent or delay the onset of Type 2 diabetes by making lifestyle changes taught in this class. The first 30 minutes will be simple food preparation (and tasting!) followed by a group session with a trained lifestyle coach to help you lose weight, eat healthier and increase physical activity.

This program may be for you if you have multiple risk factors:

- *diabetes runs in your family*
- *you are overweight or inactive*
- *you have high blood pressure or high cholesterol*
- *you had diabetes during pregnancy*

Talk to your doctor or complete a short questionnaire the first night of class to determine if you are at risk for prediabetes. *You must be at least 18, not currently diagnosed with diabetes and not pregnant.*

Classes meet at the UROC Building, 2001 Plymouth Ave. N., Minneapolis

<i>I Can Prevent Diabetes (Spanish):</i>	16 Tuesdays	February 15-May 31	5:30-7:00 pm
<i>I Can Prevent Diabetes (English):</i>	16 Thursdays	February 17-June 2	5:30-7:00 pm

\$15 supply fee payable to Minneapolis Community Education. Scholarships & fee reductions available.

**To register, call 612-668-1922 or return the form below to
Henry Community Education, 4320 Newton Ave. N., Minneapolis, MN 55412**

Presented in partnership with the U of M Extension Simply Good Eating Program, Minnesota Department of Health Diabetes Programs, Minneapolis Department of Health Statewide Health Improvement Program and Minneapolis Community Education.
